

Join us in Berlin for  
the 13<sup>th</sup> PCIC Europe  
annual conference

[www.pcic-europe.com](http://www.pcic-europe.com)

**June 14<sup>th</sup>-16<sup>th</sup>, 2016** //////////////////////////////////////  
**Sheraton Berlin Grand Hotel Esplanade, Germany** //////////////////////////////////////

Following the fantastic success of our conferences during the last 12 years, you are invited to join over 250 senior executives at **PCIC Europe from June 14–16, 2016 in Berlin, Germany.**

PCIC Europe is the premier European forum for the exchange of practical experience concerning **electrical and instrumentation** applications in the petroleum, chemical and pharmaceutical industries, encompassing upstream, midstream and downstream.

To give a wider view of the industry we will expand our conference with a **Process Automation session** including advanced and future proof automation solutions for the process industry.

The complete program is designed to address key topical issues that industry players such as end users, contractors, associations, authorities, engineering companies and manufactures face.

Join educational Tutorials, Master Classes and Papers presentations e.g.:

- Modular Production
- Industry 4.0
- Cyber Security
- Process Optimization

Don't miss this opportunity to receive leading-edge technical information, learn about the industry's knowledge from international speakers and make valuable global contacts.
